Dear Sir/Ma,

#### APPLICATION FOR THE POST OF ANALYST- SYSTEMS AND PROCESSES

It is with great anticipation that I present my resume to you for the position of Analyst – Systems and Processes in your honorable establishment.

With my knowledge of the telecommunication industry, the leadership impact of MTN in this industry is indeed amazing. I have realized that MTN is not a company that is only driven by innovative technology, but also driven by unlimited passion and team commitment. These are qualities I possess, and I believe that with my work experience which cut across Network Integration and User Support, Performance Management and Optimization, IT Infrastructure Support and Project Management, have prepared me for this position. You will see from my attached CV that I am the best fit for this position. In addition to these experiences, I have effective communication skills, computer proficiency in Application Management, MS Word, Excel, PowerPoint, and Business Analytics skill.

I possess practical knowledge and skills and earned certifications in IT Service Management, Cisco Networking device Management and Optical Fibre Operation and Maintenance.

I bring along with me data analysis skill with a strong desire to learn, a passion for teamwork, and a result-oriented mindset to contribute positively towards the overall growth of the company.

I look forward to playing a significant role in helping the company to deliver the changes required to achieve its ambition.

Thank you for your attention and consideration.

Best Regards.
